

AGENDA

Senate Bill 100 Implementation

April 24, 2007, 1:00 p.m. – 3:30 p.m.

I. Background

October 31, 2007 – File with CPUC

A. Designation of Resource Energy Zones/Delivery Points

- Include MW potential

B. Plans

- Develop and submit a transmission plan that
 1. Considers how transmission can be provided to encourage local ownership of renewable resources
 2. Transmission necessary to deliver power consistent with timing or the generation development in the Zone

C. Application of CPCN

- For transmission required to ensure the reliability delivery of power to CO consumers; or
- To ensure Renewable Energy Resources for PSCo to meet the RES
- Demonstrate present or future CPCN requires such construction

II. Designating Energy Resource Zones

- PSCo 2005 All Source Bids Map

B. PSCo 2005 All Source Bid Map overlaid on a Wind resource map

The third map is a transmission interconnection map that is in the IA queue of PSCo, TSGT, and WAPA

- Discuss the Map
- What other information would the Stakeholders recommend and why
- Q&A

C. Process

- We will be posting the lists on OASIS (<http://www.oatioasis.com/psco/index.html>)
- We would like input (shane.Gutierrez@xcelenergy.com)
- Send emails with your information (MW, Location, Fuel, Date of installation, designated market)

- Cut off date for input – May 15
- Meeting on June 3, 2007 to review date input on Energy Resource Zones

III. Plans

- A. Our plans should show how to develop transmission that encourages local ownership of renewables.
- B. Plans to develop transmission necessary to deliver power consistent with the timing of generation development.
- C. What PSCo anticipates to know by Mid August

IV. CPCN

- A. Review Rules on CPCN
- B. Because of timing, PSCo believes it can be ready to file at least one CPCN
- C. Timing of presenting the Transmission progress – Late August

V. Process beyond October 31, 2007

- A. Hold Stakeholder meeting after CPCN approval (120 days)
- B. Discuss granularity of Energy Zones
- C. Transmission Study progress
- D. Dovetail meetings with CO Coordinated Planning Group

VI. Next Meeting June 3
