Public Service Company of Colorado

Meeting Notice In Compliance with 18 C.F.R. Part 358.5(a)(2)

The Transmission Provider must ensure that any employee of its Marketing or Energy Affiliate is prohibited from obtaining information about the Transmission Provider's transmission system (including, but not limited to, information about available transmission capability, price, curtailments, storage, ancillary services, balancing, maintenance activity, capacity expansion plans or similar information) through access to information not posted on the OASIS or Internet website or that is not otherwise also available to the general public without restriction.

Public Service Company of Colorado Transmission Function and Public Service Company of Colorado Resource Planning will be conducting a Scoping Meeting for the Feasibility/System Impact Study of Resource Planning's Resource Solicitation Cluster (Interconnection Queue Number GI-2006-1) January 16, 2006.

The agenda of the Scoping Meeting is to review the Clustered Interconnection Request and discuss the proposed interconnection points of each of the generators. If you have any questions, contact:
